ANNUAL DEPARTMENTAL REPORTS

1924-25

VOL. IV

NOTE

This edition of the annual reports of the various departments of the Government of the Dominion of Canada is intended to meet the needs of institutions, chiefly in the nature of Legislative and University Libraries, which in past years had received copies of these reports under the title of "Sessional Papers," represented by several cloth-bound volumes of approximately equal bulk, the number of reports to a volume being determined by the size of the respective reports. The House of Commons in 1925 ceased to order annual departmental reports to be printed as Sessional Papers and the annual reports of 1923-24 are therefore the latest appearing under that title. In the present issue of these reports the same general form and appearance have been preserved as when they appeared as "Sessional Papers." The number printed is limited and particulars as to the selling price of the set of several volumes may be obtained from the King's Printer, Ottawa.

PREFACE

The Annual Report of the Trade of Canada for the fiscal year ended March 31, 1925, is issued under Section 22 of the Statistics Act, 1918, which is as follows:

> "22. (1) The Dominion Statistician shall, under the direction of the Minister, annually prepare a report on the statistics of Commerce and Navigation of Canada with foreign countries. Such reports shall comprehend all goods, wares and merchandise exported from Canada to other countries, all goods, wares and merchandise imported into Canada from other countries, and all navigation employed in the foreign trade of Canada, which facts shall be stated according to the principles and in the manner defined in the regulations.
>
> "(2) The Department of Customs shall send to the Dominion Statistician, in such manner and form and at such periods as the Governor in Council may prescribe, returns of imports from and exports to foreign countries arriving at or leaving Canada by water or by rail, and of the navigation employed in the foreign trade of Canada."

Under the above section, revised detailed data are forwarded by the Department of Customs for analysis and publication by the Bureau.

This report is in the same general form as that for 1924. One new table appears, No. 27A, showing, for the fiscal year 1925, the trade of Canada by groups and sub-groups, according to the *component material* classification, which is used for the main detailed tables, Nos. 26 and 27.

Another noteworthy addition to the present report is the statistics of imports and exports of coin and bullion. Publication of figures in this connection was suspended in 1919 until post-war financial arrangements should be completed. Statistics for the fiscal years ended March 31, 1920 to 1925, inclusive, are now again available and are included in this report.

Beginning with the fiscal year 1925, statistics of the trade of Canada with the Irish Free State are separately shown. In earlier years, trade with the Irish Free State was included in that of the United Kingdom. The latter designation now covers only Great Britain and Northern Ireland.

"British Sudan" and "Iraq" (Mesopotamia) now appear in the list of British countries, the former being a British possession and the latter a territory mandated to British administration.

This report has been compiled in the External Trade Branch, Dominion Bureau of Statistics, under the direction of Mr. W. A. Warne, B.A., chief, and Mr. Ernest Green, assistant chief.

R. H. COATS,
Dominion Statistician.

DOMINION BUREAU OF STATISTICS,
OTTAWA, DECEMBER, 1925.

PRÉFACE

Le Rapport annuel sur le Commerce du Canada, pour l'exercice terminé le 31 mars 1925, est publié en vertu de l'article 22 de la Loi de la Statistique de 1918, qui est ainsi conçu:

"22. (1) Le Statisticien du Dominion doit, sous la direction du Ministre, préparer annuellement un rapport sur les statistiques du commerce et de la navigation du Canada avec les pays étrangers. De tels rapports comprendront tous les produits, effets et marchandises exportés du Canada à d'autres pays, tous les produits, effets et marchandises importés au Canada des autres pays, et toute la navigation employée au commerce étranger du Canada, lesquels faits seront déclarés selon la manière et d'après les principes définis dans les règlements.

(2) Le ministère des Douanes enverra au Statisticien du Dominion, de la manière, sous la forme et aux périodes que le Gouverneur en conseil pourra prescrire les rapports des importations provenant de pays étrangers et des exportations destinées aux pays étrangers, arrivant au Canada ou partant du Canada par eau ou par chemin de fer, et de la navigation employée au commerce étranger du Canada."

Conformément à ces dispositions, le ministère des Douanes transmet au Bureau Fédéral de la Statistique des données détaillées et revisées, que celui-ci analyse et publie.

On a suivi dans ce rapport la forme adoptée l'année précédente; toutefois, on y a ajouté un nouveau tableau portant le n° 27A, lequel relève, pour l'exercice financier 1925, le commerce du Canada, par groupes et subdivisions de groupes, les marchandises étant considérées selon *l'élément qui en est la substance principale*, classification déjà en usage dans les grands tableaux de détail numérotés 26 et 27.

Une autre addition digne de remarque, c'est la reprise dans le présent volume de la statistique des importations et exportations de monnaies et lingots qui avait été suspendue en 1919, en raison des conditions extraordinaires qui régnaient alors. Les données relatives aux exercices terminés le 31 mars 1920-1925 inclusivement sont actuellement connues et figurent dans ce rapport.

A partir de l'exercice 1925, le commerce du Canada avec l'Etat Libre d'Irlande est indiqué séparément; pour les années précédentes il n'est pas distingué du commerce avec le Royaume-Uni. Désormais, le Royaume-Uni ne comporte plus que la Grande-Bretagne et l'Irlande du Nord.

Le "Soudan Anglais" et l' "Irâk" (Mésopotamie) font leur apparition sur la liste des pays britanniques, le premier étant une possession britannique et le second un territoire administré sous mandat.

Ce rapport a été compilé sous la direction de M. W. A. Warne, chef de la Section du Commerce extérieur du Bureau Fédéral de la Statistique et de M. Ernest Green, chef-adjoint.

R. H. COATS,
Statisticien du Dominion.

BUREAU FÉDERAL DE LA STATISTIQUE,
OTTAWA, DÉCEMBRE 1925.

EXPLANATORY NOTES

In this report, throughout, the term "Imports" means "Imports Entered for Consumption".

The term "Entered for Consumption" is the technical term in use at the custom-house, and does not imply that the goods have been actually consumed in Canada, but that they have passed into the possession of the importer and that duty has been paid on that portion liable for duty.

The value given for goods imported is the fair market value thereof when sold for home consumption in the principal markets of the country whence and at the time when the same were exported directly to Canada.

The term "Canadian Produce" includes all imported articles which have been changed in form or enhanced in value by further manufacture in Canada, such as sugar refined in Canada from imported raw sugar, flour ground from imported wheat, and articles constructed or manufactured from imported materials.

The term "Foreign Produce" applies to the exports of foreign goods which had been previously imported.

The value of "Canadian Produce" is its value at the time of exportation at the ports of Canada whence shipped.

The value of "Foreign Produce" is the actual cost of such goods.

The tables of imports and exports at the several ports of entry indicate that merchandise of the value stated was *entered inwards* or *passed outwards* at the ports mentioned, but do not imply that the imports were all for consumption at such ports or that the exports originated there.

The initials N.O.P. mean "not otherwise provided for".

The expression "ton" means two thousand pounds, and "cwt." one hundred pounds.

Throughout this report the expression "Africa—British West—Other" means all of British West Africa except Gambia, Gold Coast, Nigeria and Sierra Leone: "British East Indies—Other" means all the British East Indies except British India, Ceylon, and the Straits Settlements: "British West Indies—Other" means all the British West India Islands except Barbados, Jamaica and Trinidad and Tobago: "British Oceania—Other" means all of British Oceania except the Australian Commonwealth, Fiji and New Zealand: while "Italian Africa—Other" means all Italian possessions in Africa except Tripoli.

Prior to 1920 "Silver bullion in bars, blocks, ingots, drops, sheets and plates, unmanufactured" was included in "Coin and Bullion". Beginning with the fiscal year 1920 it is regarded as merchandise. In order to maintain the value of these tables for comparative purposes, the figures have been revised in accordance with this new arrangement. Consequently, the tables in this report will not agree in their totals of "Merchandise" and "Coin and Bullion" with similar tables published in Annual Trade Reports prior to 1920.

SPECIAL NOTE

The figures in the second columns on pages 11, 13 and 15 represent the actual balance of visible trade only from 1921 on. In earlier years the statistics of "Foreign Exports" included certain goods that had been brought into Canada and re-exported without having been out of Customs bond. Beginning 1921, only goods previously "Entered for consumption" are recorded as "Exports of Foreign produce".

NOTES EXPLICATIVES

Partout où le mot «importations» se trouve dans ce volume, il signifie «marchandises importées pour la consommation».

Les mots «importées pour la consommation» sont l'expression technique adoptée dans le service des douanes, et ne signifient pas que ces marchandises sont nécessairement employées au Canada, mais qu'elles ont été livrées à l'importateur qui a payé les droits lorsqu'il s'agit de marchandises imposables.

La valeur spécifiée pour les marchandises importées est le prix réel et exact qu'elles commandent sur les principaux marchés du pays d'où elles viennent et au moment de leur exportation directe de ce pays au Canada.

Les mots «produits canadiens» couvrent tous les articles importés qui ont été modifiés dans leur forme ou augmentés de valeur par l'industrie canadienne, comme le sucre raffiné au Canada provenant du sucre brut importé, la farine extraite de blé importé, et les articles construits ou fabriqués avec des matériaux importés.

Les mots «produits étrangers» désignent tous les articles importés de pays étrangers, puis réexportés.

La valeur des «produits canadiens» est la valeur réelle à la date de leur exportation, aux ports du Canada d'où ils sont expédiés.

La valeur des «produits étrangers» est le coût effectif de ces marchandises.

Les tableaux des importations et des exportations aux différents ports d'entrée qui figurent dans ce rapport, indiquent que *ces marchandises sont passées par ces ports*, soit à l'entrée, soit à la sortie, mais ne signifient pas qu'elles aient été consommées dans ces ports, ni qu'elles y aient eu leur origine.

Les initiales «n.a.e.» signifient «non autrement énumérés».

L'expression «tonne» signifie deux milles livres, et «qtl» cent livres.

Partout où elle est employée dans ce rapport l'expression «Afrique britannique de l'ouest—autre" embrasse la totalité de l'Afrique britannique de l'ouest, excepté la Gambie, la Côte-d'Or, la Nigérie et Sierra-Leone. «Indes orientales britanniques—autres» embrasse toutes les Indes orientales britanniques, à l'exception de l'Inde anglaise, Ceylan et les Etablissements des Détroits. «Antilles anglaises—autres» comprend toutes les îles des Antilles anglaises excepté la Barbade, la Jamaïque, Trinidad et Tobago. Enfin, «Océanie britannique—autre» embrasse toutes les possessions britanniques de l'Océanie, sauf l'australie, les îles Fidji et la Nouvelle-Zélande, Enfin, «Afrique italienne—autre» comporte toutes les possessions italiennes en Afrique, moins Tripoli.

Antérieurement à 1920, «l'argent en barres, saumons, lingots, lames, feuilles ou plaques, non ouvré», se confondait avec «monnaies et lingots», mais il est considéré comme une marchandise depuis le commencement de l'exercice 1920. Dans le but de conserver la possibilité de comparaison des tableaux, les chiffres ont dû être revisés, conformément au nouvel état de choses. C'est ce qui explique que les totaux des «Marchandises» et ceux des «Monnaies et lingots» que l'on trouvera dans les tableaux du présent rapport ne concordent pas exactement avec les chiffres donnés dans les rapports antérieurs à 1920.

NOTE SPÉCIALE

A partir de l'année 1921, les chiffres de la deuxième colonne, pp. 11, 13 et 15, représentent la balance effective du commerce visible. Antérieurement, les statistiques des «Exportations étrangères» embrassaient certaines marchandises entrées au Canada puis réexportées sans être sorties des entrepôts de la douane, mais depuis 1921, les «exportations de produits étrangers» se limitent aux marchandises d'abord «entrées pour la consommation».
